DIPLOMA OF INFORMATION TECHNOLOGY [UNITRACK]

About this Course:

The Diploma of Information Technology (IT) is designed for individuals seeking to excel in a variety of ICT roles with a focus on technical expertise. This qualification provides you with the specialised skills needed to handle moderately complex tasks in a specialist ICT field. Throughout the course, you will develop the ability to work independently, collaborate as part of a team, or take on a leadership role, managing deliverables and working with others. You will acquire skills applicable across diverse industries and business functions, or even as a business owner. This qualification offers a solid foundation for advancing your ICT career or starting your own ICT business.

What You'll Learn

- Gather data to identify business requirements
- Originate and develop concepts
- Promote workplace cyber security awareness and best practices
- Lead and facilitate a team
- Match ICT needs with the strategic direction of the organisation
- Apply IP ethics and privacy in ICT environments
- Manage client problems
- Research and review hardware technology options for organisations
- Select new technology supported business model
- Manage ICT projects
- Review and update disaster recovery and contingency plans
- Update ICT system operational procedures
- Produce ICT feasibility reports
- Apply advanced object-oriented language skills
- Manage projects using software management tools
- Debug and monitor applications
- Plan implement and test enterprise communication solutions
- Implement secure encryption technologies
- Install and maintain valid authentication processes
- Design and implement integrated server solutions
- Gather data to identify business requirements

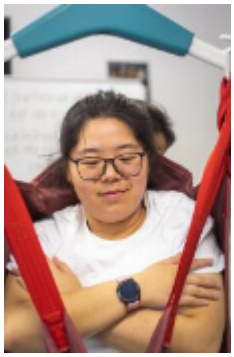
Student Testimonials

See why more than 30,000 students have chosen CB

Franchezca Israel
Thank you for the great service and guidance in educating students. I finished my certificate in this college because they're very helpful and professional.



Angelica Okawa
Words cannot express accurately enough how grateful I am for having Fanny as my trainer during most of my Diploma in Early Childhood Education and Care. The level of her service delivery was above and beyond my expectations, as well as her ethics and the knowledge and skill set she kindly shared with her students, always with a positive attitude, broad smile and gentleness that are her trademark.
